

2023 Participatory Budgeting Steering Committee Agenda February 7, 2024 6:00pm

Location: Davidson County Election Commission - 1417 Murfreesboro Pike – Green Hills conference room

Background: The 2023 participatory budgeting process included a proposed project in all 35 districts of Davidson County. Voting for those projects was open until November 30, 2023. The voting process included paper copy ballots available at Metro Public Libraries. The ballot boxes located at the libraries have been moved to the Davidson County Election Commission offices. On February 7, 2024, volunteers from the steering committee will be on site to perform the following tasks.

Agenda:

1. Validate the addresses of the paper copy ballots to determine it is Davidson County eligible
2. Verify the vote has not already been placed online and included in those results
3. All validated and verified ballots will be tabulated using the electronic machines of the Davidson County Election Commission
4. The votes will be given to Metro Finance Dept to be added to the online voting results
