MONITORING REPORT

TABLE OF CONTENTS

INTRODUCTION	5
OBJECTIVES, SCOPE AND METHODOLOGY	6
RESULTS OF REVIEW	7

INTRODUCTION

The Office of Financial Accountability (hereinafter referred to as “OFA”) has completed a monitoring review of The Mary Parrish Center. A monitoring review is substantially less in scope than an audit. The OFA did not audit the financial statements and, accordingly, does not express an opinion or any assurances regarding the financial statements of The Mary Parrish Center or any of its component units. The OFA is responsible for the internal monitoring of Metropolitan Government of Nashville and Davidson County (hereinafter referred to as “Metro”) agencies that receive federal and state financial assistance, including cooperative agreements and non-profit organizations that receive appropriations and Community Partnership Funds from Metro government. In summary, any agreement(s) that imposes performance and/or financial requirements on Metro government is subject to review by the OFA.

The purpose of this review was to assess the agency’s compliance with contractual requirements set forth in the following contract with Metro Government:

Contract	Type	Amount	Contract Term	
L-5407	Community Partnership Funds	\$50,000	July 1, 2022	June 30, 2023

Agency Background

The Mary Parrish Center for Victims of Domestic Violence provides access to an array of services for domestic/sexual violence victims and their children during dangerous and/or critical times. The agency operates a transitional housing program where women can live safely and receive services they need to heal and thrive. The agency also collaborates with all major systems that impact the health and wellbeing of victims. These systems include the health, housing, legal, law enforcement, and educational systems. By integrating and developing positive relationships with these systems, victims receive comprehensive expert care in one central location.

OBJECTIVES, SCOPE AND METHODOLOGY

The objectives of our review were:

- 1) To determine whether the agency had the resources and capacity to administer the grant funds.
- 2) To determine if costs and services were allowable and eligible.
- 3) To verify that program objectives were met.
- 4) To test the reliability of the financial and programmatic reporting.
- 5) To verify contractual compliance.

The scope of our review was limited to the contract term July 1, 2022, through June 30, 2023.

The monitoring review procedures included meeting with agency management and staff, reviewing board minutes and obtaining written representations from management. In addition, we examined certain financial records and supporting documentation necessary to ensure compliance with contractual requirements set forth in contract L-5407. Specific procedures included:

- Interviewing the employees responsible for grant management, financial reporting and accountability.
- Reviewing supporting documentation of expenditures for allowability, necessity and reasonableness.
- Reviewing the agency's general ledger and verifying the accuracy of all invoices submitted to Metro.
- Reviewing documentation to determine that funds were used for intended beneficiaries and expended in accordance with the spending plan of the contract.
- Reviewing documentation to support program activities for consistency with grant requirements.
- Assessing the financial stability of the agency and its ability to continue to administer the grant program funded by Metro.

RESULTS OF REVIEW

The overall results of the monitoring review are provided in this section. Results are based on testwork performed and include conclusions regarding specific review objectives and, if applicable, recommendations for improvement and an action plan for implementation. Where applicable, the Findings and Recommendations section of this report provides more insight into any issues identified below.

1. Sufficient Resources and Capacity to Administer Grant Funds

Our review of the agency's accounting system and the qualifications of the individuals assigned to manage the accounting records indicate that the agency possesses the necessary resources and professional expertise to effectively administer the grant funds.

2. Allowable and Eligible Costs and Services

Our review covered the core compliance areas identified by 2 CFR Part 200: *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

Additionally, the Metro Grants Manual requires separate accounting of the Metropolitan Nashville Government grant funds to prevent co-mingling of Metro Funds with other sources of funding. The agency was in compliance with this requirement. Different revenue classes as well as expenditure classes have been established to separately track the sources and amounts of funding. Also, the agency can easily and accurately report their expenses supported by the Metro Appropriation.

Based on our test work, cost and services during the grant period were allowable and eligible.

3. Program and Performance Objectives

The contract stipulates that the agency shall use the funds to achieve the following outcomes:

1. Help survivors of interpersonal violence and their children heal from their trauma.

RESULTS OF REVIEW

- a) To provide individual, group, and family therapy for adult and child clients, using evidenced based trauma therapies such as “Trauma-Focused Cognitive Behavior Therapy (TF-CBT) and Eye Movement Desensitization and Reprocessing (EMDR).”
 - b) Provide brief crisis intervention as needed.
2. Help survivors of interpersonal violence and their children regain their sense of safety and self-worth.
- a) Provide housing stability or relocation through our transitional and rapid re-housing programs.
 - b) Maintain the security of the transitional housing program property, including but not limited to general upkeep of the alarm system, security cameras, and external window bars.
 - c) Develop safety plans with each of its clients at their point of entry and will help revise them over time as clients’ situations and schedules change.
 - d) Provide intensive case management services that foster a collaborative process of assessment, planning, coordination, evaluation and advocacy for options and services to meet clients’ needs.
 - e) Complete Danger Assessments with survivors.
3. Prioritize high risk clients and referrals from Nashville’s Family Safety Centers.

Based on our review of program documentation and discussions with staff, the program performance objectives were met, and agency was in compliance with contractual program objectives.

4. Reliability of Financial and Programmatic Reporting

The contract requires the agency to submit to Metro quarterly metric/outcomes reports by January 31, 2023, and March 31, 2023, as well as a year-end program outcome and a final expenditures report no more than 45 days after the close of the contract.

RESULTS OF REVIEW

We reviewed all applicable financial and programmatic reports required by the contract, including audited financial statements. Based on our review, the agency complied with all financial and programmatic reporting requirements.

5. Civil Rights Requirements

Our review did not reveal anything to indicate that the agency was noncompliant with civil rights requirements. The agency also has necessary written policies and procedures relating to civil rights. The agency has not received any complaints regarding any form of discrimination. Further, civil rights and ADA postings are publicly displayed.
