Andrew Smith and Brad Freeze with NDOT provided additional information surrounding the notification processes and safety being the departments number one concern. Commissioner Kornutick would like to see how the previous changes implemented on both Broadway and the Gulch have improved pedestrian safety. Captain Jones spoke that safety needs to be the number one concern as we make these improvements and the need for consistency across the city. Council Member Evans-Segall and Commissioner Kornutick spoke to the need for improvements and clarification on vending lines at murals etc. The commission would like a comprehensive approach to be taken in the Gulch.

Are we willing to give free hours of parking? Can we get the revenue and expenses of the parking money. Would it be possible to show beatification projects this money is funding (Monthly)? Post signage urging people to use the garage spaces that are empty. No vote needed; this will be back on the agenda next week. Council Member Evans-Segall was not comfortable with the lack of action on safety measures. Andrew Smith with NDOT provided his findings. Discussions were had surrounding this request. Commissioner Woods stated that pedestrian safety needed to be our primary concern and sometimes residents of an area have insight that outsiders may not. Commissioner Kornutick moved for a deferral to the November meeting. Commissioner Gonzales seconded the deferral. Council Member Evans-Segall and Commissioner Woods objected. Please provide overview of what it looks like to get a stop sign in the city (start to finish). Documentation and data surrounding unwarned stop signs and how they are monitored as well as a list of all the times we were sued due to an unwarranted stop sign.

Extensive discussions were had surrounding the time frame for lowering the speed limit and the specified segments of the corridor and the need for community engagement meeting. Council Member Evans-Segall supports the deferral and feels that the public/community engagement meetings are necessary and would like to keep our word, to keep community trust. Commissioner Kornutick voted against the deferral before and would vote against it again. Captain Jones feels we should keep our word; we should do what we promised and approve in its entirety. Community needs to trust us. Neil would like the meeting scheduled regardless of a Council Member presence. Council Member Evans-Segall moved to defer one month. Gonzales seconded the deferral.
