July Report Highlights

OHS hosted a State of Homelessness Symposium on June 4 that drew nearly 300 attendees. Several national experts spoke, including Dr. Richard Cho (formerly of HUD and the US Interagency Council on Homelessness), Dr. Sam Tsemberis (creator of the Housing First philosophy), Rosanne Hagerty (CEO of Community Solutions), and Major Ethan Frizzell (Area Commander Southwest Florida, Salvation Army). Mayor Freddie O'Connell conducted a town hall, answering questions that had been submitted by symposium attendees.

Between June 28 and July 1, more than 35 unhoused Nashville neighbors living in the river camp near Nissan Stadium were safely relocated into Interim Housing and Affordable Gap Loan units. This proactive move was coordinated in response to the elevated fire and safety risks posed by the city's annual Fourth of July fireworks celebration. This was an emergency response to protect life and property in conjunction with Fire, OEM, MNPd, and community partners, utilizing Metro's ARP funds dedicated to homelessness.

The Continuum of Care selected four new members of the Homelessness Planning Council (HPC) to replace those whose 3-year terms were ending. At the July HPC meeting, the members unanimously elected Rico X as their new Chair and Liz Mallard as their Vice Chair.

OHS was able to use grant funding to send five OHS staff members to the annual National Alliance to End Homelessness Conference in Washington, DC. This conference showcases innovative programming and best practices from throughout the country. There were about 35 Nashvillians in attendance from a variety of agencies, including 9 attendees from community organizations that were sponsored by OHS.

*Launch Pad operated a youth specific Mobile Housing Navigation Center through a partnership with Community Care Fellowship through December 2024. All funding for this program is distributed through Community Care Fellowship.

**Prior to receiving ARP funds, Community Care Fellowship received CARES (Coronavirus Aid, Relief, and Economic Security) funding to operate their shelter programs. A recent review of these programs showed that an error had been made in identifying the ending date of the CARES funding and the beginning of the ARP funding. As such, the number served under the ARP funding has been edited to reflect the correct number served.
