August Report Highlights

OHS has hired a Veterans' System Lead position, funded through a grant from the Built for Zero program. This position will serve as the coordinator of all programming for unhoused veterans to streamline efforts and facilitate clear communication across the many partners in this field.

In May, OHS engaged an outside facilitator to conduct a community-wide, interactive, day-long session to evaluate how we can grow as leaders and as a CoC. This facilitator conducted a half-day follow-up session in July to revisit themes and evaluate ongoing community growth.

OHS hosted a Continuum of Care (CoC) 101 session for new organizations and staff to learn more about Nashville's Housing Crisis Resolution System, HUD, and the work of the CoC. Over 30 people were in attendance, most of whom have not previously been involved in the CoC. This training will be hosted on an ongoing basis to orient more potential partners to the CoC.

The TN Legislature passed legislation earlier this year to conduct a study on homelessness in the state – specifically the CoCs in the state, how they operate, and how they might be improved. OHS and other Collaborative Applicants across the state met with staff from the TN Advisory Commission on Intergovernmental Relations to provide input on the importance of the CoC for their study.

The new Chair of the Homelessness Planning Council, Rico X, has informed the community that his top priority for his term is implementation and evaluation of the CoC Strategic Plan, which was approved in 2023. He plans to dedicate time in the HPC meetings to discuss progress on the plan and to work closely with CoC committee chairs to ensure its success.

Affordable Housing Gap Financing (AHGF) Program Updates:

*Launch Pad operated a youth specific Mobile Housing Navigation Center through a partnership with Community Care Fellowship through December 2024. All funding for this program is distributed through Community Care Fellowship.

**Prior to receiving ARP funds, Community Care Fellowship received CARES (Coronavirus Aid, Relief, and Economic Security) funding to operate their shelter programs. A recent review of these programs showed that an error had been made in identifying the ending date of the CARES funding and the beginning of the ARP funding. As such, the number served under the ARP funding has been edited to reflect the correct number served.
