# September Report Highlights

OHS hosted another informational session about the Pallet shelters to gauge community interest in their operation. All attendees indicated that they did not have the requisite land or funding for staff for such a project. We will reconvene the multi-departmental group to discuss next steps for the Pallet shelters.

Several community work group sessions on interim strategies to address homelessness have taken place in the last several weeks. While this work is ongoing, preliminary surveys from currently and formerly unhoused people indicates that they are most interested in converted motels/hotels and tiny homes.

Strobel House, Nashville's first publicly funded Permanent Supportive Housing (PSH) project, celebrated its one-year anniversary on August 21. This project has housed over 100 people from homelessness, with about two thirds of residents having experienced chronic homelessness. Many residents attended the event to celebrate things like gaining employment, graduating, and receiving health care and the event was attended by many community partners, Council members, and the Mayor.

OHS is sponsoring a 5K on October 3 to support the Metro Makes a Difference campaign. This 5K is open to the public for a \$25 recommended donation and will take place at Ravenwood Park. Registrants with lived experience of homelessness can attend at no cost. We encourage everyone to sign up for this great cause!

According to the Point in Time Count, homelessness increased nationally by over 18% between 2023 and 2024; 2025 national numbers are not yet available. Our peer cities also experienced large increases in homelessness from 2023 to 2025, as shown in the chart to the right. Homelessness in Nashville increased 2.4%, much lower than other peer cities.

## Affordable Housing Gap Financing (AHGF) Program:

- Under MDHA's oversight, the AHGF program awarded a total of **\$16,617,591.67** to create **88 AHGF units** while providing needed gap financing to projects that created **735 affordable units**.
- Unobligated funds (**\$7,551,528.75**) were remitted to the Barnes Housing Trust Fund for Permanent Supportive Housing (PSH) and deeply affordable housing projects as outlined in Council Resolution RS2022-1696 (amended by RS2024-240), effective April 1, 2024.
- The Barnes Housing Trust Fund awarded a total of **\$7,551,528.75** to create **80 AHGF units** while providing needed gap financing to a project that created **120 affordable units**.

\*Launch Pad operated a youth specific Mobile Housing Navigation Center through a partnership with Community Care Fellowship through December 2024. All funding for this program is distributed through Community Care Fellowship.

\*\*Prior to receiving ARP funds, Community Care Fellowship received CARES (Coronavirus Aid, Relief, and Economic Security) funding to operate their shelter programs. A recent review of these programs showed that an error had been made in identifying the ending date of the CARES funding and the beginning of the ARP funding. As such, the number served under the ARP funding has been edited to reflect the correct number served.

All data as of 1/31/25

UPDATE: April 2025

## Final Spending Update:

	Total Funds	Spending as of 1/31/25	Remaining Funds	Funding End Date
Community Care Fellowship ARP*	\$4,542,355.00	\$4,542,354.99	\$0.01	10/4/2024
The Salvation Army	\$4,457,645.00	\$4,433,475.41	\$24,169.59	10/31/2024
<b>Total Funding**</b>	<b>\$9,000,000.00</b>	<b>\$8,975,830.40</b>	<b>\$24,169.60</b>	

\*Spending by Community Care Fellowship encompasses the combined spending for the Community Care Fellowship and Launch Pad Mobile Housing Navigation Centers.

\*\*Total Funding includes only ARP funding and not the previously awarded CARES funding.

Totals based on all invoices received for expenses occurring through 1/31/25

## Nashville Community Homelessness & Housing Data, August 2025

Data Source: The Nashville-Davidson County Homeless Management Information System (HMIS). HMIS is a *shared community database* that collects data on households experiencing homelessness and programs intended to end homelessness. HMIS includes data from **47 participating service providers** in Nashville; including emergency shelters, transitional housing, street outreach, supportive services, and permanent housing programs. The Office of Homeless Services is the HMIS Lead Agency responsible for administering the HMIS and associated reporting.

*The data below fluctuate month to month based on varying levels of community participation in HMIS and street outreach coverage. Any changes from month to month may or may not reflect true changes in homelessness.*

**3,474 people** experienced homelessness in Nashville in **August 2025**. These 3,474 people were in **2,582 households**; **308 families** (including 714 children) and **2,274 adult only households**. Over the past 12 months, **11,563 unique people** have experienced homelessness in Nashville.

**Increased Data Collection:** As of November 2024, HMIS includes data from the Nashville Rescue Mission for the first time. While our system and community adjusts to this improvement in data collection, the data from these programs will be separated from our regularly reported data. The numbers below reflect the number of people experiencing homelessness served by the Nashville Rescue Mission since June 2025. These numbers cannot be added to the above 3,474 to create an unduplicated total. As we improve data quality and strengthen the connection between HMIS and the Nashville Rescue Mission, we expect to see these numbers increase.

**In August 2025, 1,298 people** were served by the Nashville Rescue Mission in HMIS.

Nashville-Davidson County HMIS, 9.1.24-8.31.25. Prepared by the Office of Homeless Services.
