CC2019-026	Civilian Complaint	10/03/2019	Improper Search/Seizure; Harassment	Open Investigation	Ready for PRR review.

* Complaint Date is the initial contact that a complainant has with MNCO. Occasionally, a complainant does not file a formal complaint at the initial contact but decides to later. In these circumstances, a Case Number is assigned sequentially on the date the formal complaint was made but the initial contact date remains the Complaint Date in MNCO records to track the full history of the complaint. For this reason, the Complaint Date may not be sequential in all circumstances.
