

UPCOMING ENGAGEMENT OPPORTUNITIES

Whether you live, work, study, or worship along Jefferson Street, we want to hear from you. Your input is at the heart of this project. The Jefferson Street Corridor Study is about the people, history, and the future of your community, and establishing a vision to positively transform the corridor for future generations.

We're gathering feedback on draft corridor concepts to refine before decisions are finalized. Participation is easy—come to any of the in-person or online events below, scan the QR code to comment online, or use the email/phone options listed below.
