

VOLUME 1 Regulations

STORMWATER MANAGEMENT MANUAL

Prepared for
**METROPOLITAN GOVERNMENT
NASHVILLE AND DAVIDSON COUNTY**

2026

TABLE OF CONTENTS

Chapter 1 - INTRODUCTION.....	Chapter 1-1
1.1 Background and Purpose	Chapter 1-1
1.2 Most Recent Edition	Chapter 1-1
1.3 Authorization and Title	Chapter 1-2
1.4 Scope	Chapter 1-2
1.5 Language.....	Chapter 1-2
1.5.1 Rules of Construction	Chapter 1-2
1.5.2 Definitions.....	Chapter 1-3
1.6 Legal Considerations	Chapter 1-3
1.6.1 Caveat	Chapter 1-3
1.6.2 Disclaimer of Liability	Chapter 1-3
1.6.3 Severability	Chapter 1-4
1.6.4 Compatibility	Chapter 1-4
1.6.5 Saving Provision	Chapter 1-4
Chapter 2 - STORMWATER MANAGEMENT POLICY	Chapter 2-1
2.1 Objectives	Chapter 2-1
2.2 Policy Statements.....	Chapter 2-2
2.3 Stormwater Management Systems.....	Chapter 2-4
2.3.1 Minor Systems	Chapter 2-4
2.3.2 Major Systems	Chapter 2-4
2.4 Stormwater Quantity and Quality Detention	Chapter 2-4
2.5 Other Stormwater Quality Management Practices	Chapter 2-5
2.6 Floodplains.....	Chapter 2-5
2.7 Erosion and Sediment Control	Chapter 2-5
Chapter 3 – ADMINISTRATION.....	Chapter 3-1
3.1 Overview	Chapter 3-1
3.2 Organization.....	Chapter 3-1
3.2.1 Metro Water Services	Chapter 3-4
3.2.2 Department of Codes Administration	Chapter 3-5
3.2.3 Planning Commission	Chapter 3-5
3.2.4 Stormwater Management Commission.....	Chapter 3-6
3.3 Grading and Building Permit Requirements.....	Chapter 3-6

3.4 Grading Permit Exemptions..... Chapter 3-7

 3.4.1 Exemption for Approved Subdivision or PUD Grading Plans Chapter 3-7

 3.4.2 Exemption for Finish Grading Chapter 3-8

 3.4.3 Exemption for Excavation or Fill Chapter 3-8

 3.4.4 Exemption for Agricultural Practices Chapter 3-9

 3.4.5 Exemption for Maintenance Grading..... Chapter 3-9

 3.4.6 Exemption for Public Utilities Chapter 3-10

 3.4.7 Exemption for Demolition Chapter 3-10

 3.4.8 Exemption for Permitted Mining Operations Chapter 3-10

3.5 Exemptions from MWS Building Permit Review Chapter 3-10

 3.5.1 Residential Exemptions Chapter 3-10

 3.5.2 Commercial or Industrial Exemptions Chapter 3-11

3.6 Variance Procedures Chapter 3-11

3.7 Enforcement..... Chapter 3-11

 3.7.1 Right of Entry Chapter 3-11

 3.7.2 Revocation Chapter 3-11

 3.7.3 Notice of Violation Chapter 3-12

 3.7.3.1 Corrective Measures Chapter 3-12

 3.7.3.2 Stop Work Order..... Chapter 3-12

 3.7.3.3 Penalties Chapter 3-13

 3.7.3.4 Fill Taken from Permitted Site to Unpermitted Site... Chapter 3-13

 3.7.4 Injunctions..... Chapter 3-13

 3.7.5 Other Enforcement Tools..... Chapter 3-14

3.8 Inspections Chapter 3-14

 3.8.1 Permitting..... Chapter 3-14

 3.8.2 Construction..... Chapter 3-14

3.9 As-Built Certifications Chapter 3-15

Chapter 4 - PERMITTING PROCEDURES Chapter 4-1

4.1 Overview..... Chapter 4-1

4.2 Application Preparation Chapter 4-1

 4.2.1 Pre-Application Meeting..... Chapter 4-1

 4.2.2 Required Information and Checklist..... Chapter 4-1

 4.2.2.1 Grading and Drainage Plans Chapter 4-2

 4.2.2.2 Erosion Prevention and Sediment Control Plans Chapter 4-4

 4.2.2.3 Post-Construction Stormwater Management Plan Chapter 4-5

 4.2.2.4 Sinkhole and Drainage Well Information Chapter 4-7

4.2.3	Federal and State Permits.....	Chapter 4-8
4.2.3.1	U.S. Army Corps of Engineers	Chapter 4-8
4.2.3.2	Tennessee Department of Environment and Conservation	Chapter 4-9
4.3	Application Processing	Chapter 4-9
4.3.1	Initial Receipt and Resubmittals	Chapter 4-9
4.3.2	Staff Review and Recommendation.....	Chapter 4-10
4.3.3	EPSC Professional	Chapter 4-10
4.3.4	Pre-Construction Meeting.....	Chapter 4-11
4.3.5	Installation of Initial Measures	Chapter 4-11
4.3.6	Grading Permit Issuance and Expiration	Chapter 4-12
4.3.7	Revisions to Approved Plans	Chapter 4-13
4.4	Construction Procedures	Chapter 4-13
4.4.1	Posting of Permit.....	Chapter 4-13
4.4.2	Effect of Permit.....	Chapter 4-13
4.4.3	Site Inspections	Chapter 4-14
4.4.4	Permit Holder Responsibilities	Chapter 4-15
Chapter 5 - FLOODPLAIN REQUIREMENTS		Chapter 5-1
5.1	Zoning Ordinance	Chapter 5-1
5.2	Base Flood and Floodway Data	Chapter 5-1
5.3	General Standards	Chapter 5-2
5.4	Preserved Floodplain	Chapter 5-3
5.5	Specific Standards.....	Chapter 5-4
5.5.1	Residential Construction.....	Chapter 5-4
5.5.2	Standards for Manufactured Homes and Recreational Vehicles	Chapter 5-4
5.5.3	Non-Residential Construction.....	Chapter 5-5
5.5.4	Enclosures	Chapter 5-5
5.5.5	Accessory Structures – Garages and limited storage structures	Chapter 5-6
5.5.6	Floodways	Chapter 5-7
5.5.7	Floodplain Alterations	Chapter 5-7
5.5.8	Floodproofing	Chapter 5-8
5.6	Standards for Streams Without Established Base Flood Elevations and/or Floodways.....	Chapter 5-9
5.7	Subdivision Standards.....	Chapter 5-10
5.8	Nonconforming Uses	Chapter 5-10
5.9	Dikes and Floodwalls.....	Chapter 5-10

Chapter 6 - TECHNICAL GUIDELINES AND CRITERIA..... Chapter 6-1

- 6.1 Adequate Stormwater Management Systems Chapter 6-1
 - 6.1.1 Minor Systems Chapter 6-2
 - 6.1.2 Major Systems Chapter 6-2
- 6.2 Open Channels Chapter 6-4
 - 6.2.1 Channel Capacity Chapter 6-4
 - 6.2.2 Lined Channels Chapter 6-4
 - 6.2.3 Grassed Channels..... Chapter 6-4
 - 6.2.4 Easement Width Chapter 6-4
- 6.3 Storm Pipes and Culverts..... Chapter 6-5
 - 6.3.1 Conduit Capacity Chapter 6-5
 - 6.3.2 Easement Width Chapter 6-5
 - 6.3.4 Inlets..... Chapter 6-6
 - 6.3.5 Culverts Chapter 6-6
- 6.4 Outlet Protection Chapter 6-6
- 6.5 Bridges Chapter 6-7
- 6.6 Stormwater Quantity Detention Chapter 6-7
- 6.7 Downstream Infrastructure Chapter 6-7
- 6.8 Quantity & Quality Stormwater Control Measure (SCM) Maintenance..... Chapter 6-8
 - 6.8.1 SCM Maintenance Document..... Chapter 6-8
 - 6.8.2 Inspection and Maintenance Responsibilities..... Chapter 6-9
- 6.9 Sinkholes and Drainage Wells Chapter 6-9
- 6.10 Water Quality Buffers..... Chapter 6-10
 - 6.10.1 Identification of Community Waters and Application of Buffers Chapter 6-10
 - 6.10.2 Buffer Widths..... Chapter 6-10
 - 6.10.3 Preservation of Water Quality Buffers Chapter 6-13
 - 6.10.4 Maintenance of Water Quality Buffers..... Chapter 6-13
 - 6.10.5 Uses in the Buffer that are Permissible with Conditions Chapter 6-14
 - 6.10.6 Buffer Restoration and Enhancement Chapter 6-14
 - 6.10.6.1 Buffer Restoration and Enhancement Plan Requirements Chapter 6-14
- 6.11 Erosion Prevention and Sediment Control Measures Chapter 6-16
 - 6.11.1 Disturbed Areas Chapter 6-17
 - 6.11.2 Final Stabilization Chapter 6-17
 - 6.11.3 Protection of Adjacent Properties Chapter 6-17
 - 6.11.4 Timing and Stabilization of Sediment Trapping Measures..... Chapter 6-18

6.11.5 Sediment Basins and Sediment Traps..... Chapter 6-18
 6.11.6 Cut and Fill Slopes..... Chapter 6-18
 6.11.7 Construction Exits..... Chapter 6-18
 6.11.8 Litter and Construction Waste Materials Chapter 6-19
 6.11.9 Deficient Performance Chapter 6-19

**Chapter 7 - POST-CONSTRUCTION WATER QUALITY
POLICIES & PROCEDURES..... Chapter 7-1**

7.1 Overview Chapter 7-1
 7.2 Runoff Reduction Chapter 7-2
 7.2.1 Redevelopment Credit Chapter 7-2
 7.2.2 Site Limitations..... Chapter 7-2
 7.3 Pollutant Removal..... Chapter 7-3
 7.4 Pre-Approved SCMs..... Chapter 7-3
 7.5 Proprietary SCMs..... Chapter 7-4
 7.5.1 Submittal Requirements..... Chapter 7-5
 7.5.2 Design Guidance for Water Quality Treatment..... Chapter 7-6
 7.5.3 Performance Standards for Proprietary SCMs..... Chapter 7-6
 7.5.3.1 Testing Requirements for Proprietary SCMs..... Chapter 7-7
 7.6 Safety and Mosquito Control..... Chapter 7-8
 7.6.1 Safety Considerations Chapter 7-8
 7.6.2 Mosquito Control..... Chapter 7-9
 7.7 Stormwater Control Measure Long Term Maintenance Chapter 7-9

Chapter 8 - REGULATED RESIDENTIAL INFILL Chapter 8-1

8.1 Overview Chapter 8-1
 8.2 Definition and Requirement Chapter 8-1
 8.2.1 One-Inch Capture Requirement Chapter 8-2
 8.2.2 Alternatives to One-Inch Capture Chapter 8-2
 8.3 Permitting Chapter 8-3
 8.3.1 Pre-Application Meeting..... Chapter 8-3
 8.3.2 Required Information and Checklist..... Chapter 8-3
 8.3.3 Application Processing Chapter 8-5
 8.3.3.1 Initial Receipt and Resubmittals Chapter 8-5
 8.3.3.2 Staff Review and Recommendation..... Chapter 8-5
 8.3.3.3 Installation of Erosion Control Measures Chapter 8-5
 8.3.3.4 Residential Infill Permit
 Issuance and Expiration Chapter 8-5
 8.3.3.5 Revisions to Approved Plans Chapter 8-6

8.4	Construction Procedures	Chapter 8-6
8.4.1	Posting of Permit.....	Chapter 8-6
8.4.2	Effect of Permit.....	Chapter 8-6
8.4.3	EPSC Permit Holder Responsibilities.....	Chapter 8-6
8.4.4	Site Inspections	Chapter 8-7
8.4.5	Use and Occupancy.....	Chapter 8-7

APPENDICES

Appendix A	Metropolitan Code of Laws §15.64.010 <i>et. seq.</i> ; §17.28.040; §17.36, Article V
Appendix B	Definitions & Acronyms
Appendix C	Stormwater Management Commission
Appendix D	Regulated Residential Infill Guidance
Appendix E	Plan Submittal Information
Appendix F	Stormwater Control Measure (SCM) Maintenance Documents
Appendix G	Non-Conversion Agreement

List of Tables

Table 3-1	Administrative Responsibilities for Stormwater Management Activities	Chapter 3-1
Table 6-1	Minimum Easement Width for Channels	Chapter 6-4
Table 6-2	Minimum Easement Width for Storm Drains	Chapter 6-5
Table 6-3	Permissible Buffer Impacts, with Conditions	Chapter 6-15
Table 7-1	GIPs for Use in Metro	Chapter 7-4
Table 7-2	PTPs for Use in Metro	Chapter 7-4

List of Figures

Figure 6-1	Buffer Example for Streams with Drainage Area < 100 acres	Chapter 6-11
Figure 6-2	Buffer Example for Streams with Drainage Area \geq 100 acres	Chapter 6-12
Figure 6-3	Buffer Example for Streams with Floodways.....	Chapter 6-12
Figure 8-1	Regulated Residential Infill Permit Process	Chapter 8-4
