Permit #

2026035709

Scope of Work

Winter Construction will continue to close the NB Lane of Cowan Street in front of the new project address for Hampton Inn (605 Cowan Street) to allow the required work to take place as needed. Trucks bringing in equipment, shoulder work, unloading requirements for the small property site, etc. This work will require the lane to be utilized on and off, with some closures lasting 24 hours or longer until the project is complete. All traffic control devices, personnel, and law enforcement will be on site and placed in accordance with MUTCD Standard, NDOT & TDOT requirements.

Permit #

2026045758

Scope of Work

Scope of work is for utility test holes. This is for verifying the depth size, and material of a underground utility. There are multiple locations on Cowan St between 811 Cowan St and Marine Dr that we will need to take part of a lane, or a whole lane. Lane shifts and appropriate traffic control will be performed by AWP. The work is to be performed daily, and after we demobilize the road way will be clear of traffic control and open.

Cleary Construction hereby applies for a lane closure permit to facilitate the installation of a sanitary sewer line beneath White Creek Pike in Joelton. The project will employ the open-cut excavation method installation of 2,750 LF of Sewer Force Main beneath Whites Creek Pike. Which will be constructed in full compliance with NDOT standard details and will extend less than 4 feet across the roadway width in the West bound lane working North to South at the intersection of White Creek Pike and Old Clarksville Pike. To ensure public and crew safety, a full lane closure will be implemented on a 1,000 LF portion of White Creek Pike, performed in three phases (0-1000 LF, 1000-2000 LF, and 2000-2750 LF), and extending to the junction with Old Clarksville Pike. The closure will be in effect daily from 7:00 PM to 5:00 AM or greater. Following each shift, the excavation will be temporarily secured with steel plates, and the roadway will be reopened to traffic. Pentagon Traffic Solutions will

LARKIN SPRINGS RD	07/01/2026	07/31/2026			LARKIN SPRINGS RD	Hospital Dr	Manzano Way	09

Permit #

2026054615

Scope of Work

I have previously applied for a lane closure on Larkin Springs From Hospital Dr to approximately 300' past Cumberland way. This is for storm install along Larkin Springs on the east side of the road. We will be excavating to install storm inlets and storm line and then we will be installing Curb and gutter along Larkin Springs. I was told along with the lane closure we would also need an excavation permit. As of now the lane closure permit is still in review as far as I know. (2026037543)-----

Other Day & Hour Restrictions

9-5

Installation of storm catch basins, storm pipe and new curb and gutter along Larkin Springs Rd----- Storm install along with curb
