Permit #

2026035709

Scope of Work

Winter Construction will continue to close the NB Lane of Cowan Street in front of the new project address for Hampton Inn (605 Cowan Street) to allow the required work to take place as needed. Trucks bringing in equipment, shoulder work, unloading requirements for the small property site, etc. This work will require the lane to be utilized on and off, with some closures lasting 24 hours or longer until the project is complete. All traffic control devices, personnel, and law enforcement will be on site and placed in accordance with MUTCD Standard, NDOT & TDOT requirements.

2026045758	Scope of work is for utility test holes. This is for verifying the depth size, and material of a underground utility. There are multiple locations on Cowan St between 811 Cowan St and Marine Dr that we will need to take part of a lane, or a whole lane. Lane shifts and appropriate traffic control will be performed by AWP. The work is to be performed daily, and after we demobilize the road way will be clear of traffic control and open.

LARKIN SPRINGS RD	07/01/2026	07/31/2026			LARKIN SPRINGS RD	Hospital Dr	Manzano Way	09

Permit #

2026054615

Scope of Work

I have previously applied for a lane closure on Larkin Springs From Hospital Dr to approximately 300' past Cumberland way. This is for storm install along Larkin Springs on the east side of the road. We will be excavating to install storm inlets and storm line and then we will be installing Curb and gutter along Larkin Springs. I was told along with the lane closure we would also need an excavation permit. As of now the lane closure permit is still in review as far as I know. (2026037543)-----

Installation of storm catch basins, storm pipe and new curb and gutter along Larkin Springs Rd----- Storm install along with curb
