

Special Called Transportation & Infrastructure Committee Tree Trimming Follow Up to RS2026-2145 Meeting Agenda

Monday, August 10, 2026

4:00 PM

Jury Assembly Room

Historic Courthouse & City Hall, One Public Square

Nashville, TN 37201

- I. Discussion of NES's willingness and ability to provide the following:
 1. Data on standard electric utility reliability metrics demonstrating the necessity of the increase from 10- to-15-foot clearance.
 2. Evaluation and comparison of one or more representative distribution circuits utilizing species-specific pruning practices.
- II. Discussion of refinements to the current vegetation management policy
